To

M. Venkatanarnappa, Esq., B.A.,
Secretary to Government of Mysore,
Development Department, BANGALORE.

Sir,

In forwarding herewith in original, the Toll-gate Rules received with Hassan Town Municipal President's letter No.962-33 dated 19th May 1934 (Copy enclosed) I have the honor to state as follows -

The President having submitted Toll gate 'Bye-laws' for sanction, they were returned with certain observations (Vide letter No.L.7766/M1.63-32-206 dated 6th May 1933) The President having again submitted the Bye-laws for sanction, he was requested to frame Rules under section 46 (1) of the Town Municipalities Regulation and observe all the formalities prescribed in Section 62 of the said regulation and then submit them for sanction. He has accordingly submitted rules under section 46(1) of the Town Municipalities Regulation after observing the procedure prescribed in section 62 (b) of the same Regulation. I request you therefore to be so good as to obtain the sanction of Government thereto, and enable the Municipal Council to levy toll from the commencement of next year.

I may mention in this connection that the Council are greatly in need of funds, having taken up two major public improvement works viz., the water supply scheme and the construction of the Sri Narasimharaja circle. It has not been possible to extent the water supply scheme to the interior of the Town for want of funds. The estimate for this work has already been sanctioned and it is very necessary to take it

it up as early as possible. The construction of the ~~six~~ progressing, but it is said that it requires a sum of ~~not less~~ than about Rs.8000/- more to complete it.

The normal income has remained the same from a long time, while the demand for improvement works is increasing day by day. If adequate funds are forthcoming, there is great scope for undertaking improvement works in Hassan, such as completion of the drainage scheme at a cost of about Rs.60,000/-, water supply at a further cost of about Rs.20.000/-. removal of congestion in the Bazaar streets for about Rs.20,000/- improvements round about the circle costing about Rs.20,000/- and improvements of the shandy grounds at a cost of Rs.7,500/-. Naturally it has not been possible to take up the improvement works as their budget has very little surplus. In these circumstances, the council have to find new source of income.

I request you therefore, to be so good as to obtain the sanction of Government to the Toll-gate Rules before the close of the current year so that the Council may start their schemes from the coming year.

I have the honor to be,
sir,
Your most obedient servant,

Deputy Commissioner,
Hassan District.

Letter No.T 962/33 dated the 14th/19th May 1934, from the President, Town Municipal Council, Hassan, to the Deputy Commissioner Hassan District.

With reference to your memo No.L.Dis.C.550-33 dated 22nd September 1933 returning with certain observations the toll-gate rules framed by this Municipal Council, I have the honor to state that draft rules under section 46(h) of the Mysore Town Municipalities Regulation of 1933 were framed afresh and placed before the Municipal Council at their meeting held on the 14th March 1934, when they approved them and resolved that a notice calling for objections be published as contemplated in section 62(b) of the Regulation.

In accordance with the above resolution; objections were called for from the public in the prescribed form on 16th March 34. As no objections were received the draft rules were again placed before the Municipal Council at their meeting held on 5th May 1934 and the Council resolved that the rules may be submitted to Govt for sanction.

Copies of the above resolutions together with the notice calling for objections are herewith forwarded for kind information.

I therefore request that the draft rules herewith sent may kindly be submitted to Government for sanction at an early date to enable me to farm out the toll from the commencement of the next official year.
